STEPHENSON**

EMILY SHARP

I thought the topics of the presentations were very relevant. The length of the talks and size of the conference worked well. The interactive workshops were great too. The mix of the schedule was well balanced and planned so topics did not clash. There was also time during breaks to visit the trade stands. The drinks reception was welcoming and I made some great contacts and friends.

FASHOW DELEGATE

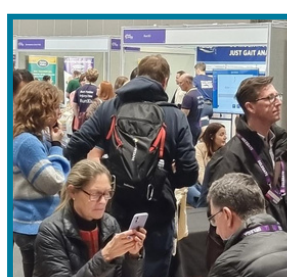

EDUCATION. SOLUTIONS. INNOVATION

The Foot & Ankle Show 2025 is coming soon and we cannot wait to see you!

The Foot & Ankle Show is structured around education and there really is something for everyone, no matter where you're at in your career. Whatever you're looking to focus on this year, you're sure to be able to find experts with in-depth knowledge and experience and colleagues who are also keen to join you on your journey at The Foot & Ankle Show.

You will have the opportunity to enhance your knowledge and skills in the field, as well as network with fellow professionals and discover new ways to improve and enhance your practice.

- ✓ Two full days of presentations.
- ✓ Workshops, and product demonstrations across three stages.
- ✓ A trade show featuring the latest products and services in the industry.
- ✓ Over 30 speakers giving you access to hours of content and education on all things foot and ankle related.

Diabetes

THERES EVEN MORE...

Conference App

Get the most out of the conference with our official app! You can use the app to find out about the latest sessions, speakers, and exhibitors. It's the perfect way to stay organised and make the most of your time at the conference.

Find your next step

Visit the job board. It's always nice to see what opportunities there are waiting for you so whether you're looking for a next step, or to find that special clinician to join your team visit the next step area to see what's going on.

Adventure Golf

Got a spare 5 minutes in between sessions? Visit the adventure golf to chill out a bit and putt your friends to the test. Completely free and just a bit of fun for colleagues to relax, network and compete!

BLS Training

Keep your skills sharp and stay compliant with our onsite practical BLS training! Learn the theory online before attending the onsite training, where you'll get hands-on experience with CPR, choking, and other life-saving skills. It's fun, informative, and it's the perfect way to stay prepared for any emergency.

“ I liked that the presentations took priority over needless time filling slots. It was good that the time I've taken out of clinic was packed with education and not wasted. I took something away from all the talks. The trade stands were good and varied. Thank you for putting on a great show. I've booked for next year. ”
